GET CREATIVE

Outdoor spaces are a haven for both recreation and relaxation, and a valuable asset when it's time to resell. Consider the potential of your space – what is your dream front yard or backyard?

INCREASE YOUR HOME'S VALUE

Improving the value and functionality of outdoor living is often a better ROI than interior improvements. The durability of Belgard pavers and wall products, backed by our lifetime limited transferable warranty, means your investment will stand the test of time.

COMPLEMENT YOUR HOME

With Belgard Rooms, you can create an outdoor oasis for yourself and your family, while complementing your sense of style and the architecture of your home. As the leader in outdoor living design, we provide access to the latest trends in format, shape, color and texture.

BRING THE INDOORS OUT

Craft a space that complements your daily life, encouraging more time spent outside. Whether it's a fire pit patio, pool deck, front porch or an outdoor living room and kitchen, a functional space works for both relaxation and entertaining. Technology, including heating and lighting, can help meet all your family's needs.

OUTDOOR OASIS

Determine which space will benefit your family the most – front porch or backyard – and develop your personal oasis. A well-designed outdoor space should encourage exercise, meditation and work to recharge yourself and your family.

THIS *or* THAT

SUBTLE CONTRAST Use a monotone color scheme with perpendicular borders.

BOLD CONTRAST Different colors, shapes, and sizes make for eye-catching design.

WORK WITH NATURE Follow the landscape and allow for nature to guide you.

MAKE NATURE WORK WITH YOU Decide where you want the natural world to break through.

GO SMOOTH Pick a smooth texture for a modern aesthetic and use color to create contrast.

DESIGN TIP

As a rule of thumb, try to keep the number of paver styles and colors to no more than three in any particular project.
